

HI Campers,

We had our last camp out of the year and the weather wasn't to bad. We went to Arrowhead Point, Osceola, Missouri and some of us bought their goodies, like home made fudge. Also went to the Amish Communities, purchased jams, breads and home baked goodies. Of course when in the area you have to stop at the Osceola Cheese Factory.

There were 9 of us there, small in numbers, but we enjoyed ourselves. One camper had a little trouble with their lights in the camper. It seems they kept going to low voltage. The smart camper realize that it was the inverter. Bought a battery charger and that saved the day.

The weather was chilly in the morning and nice in the afternoon for October. The women played cards as usual and one lady had a real good game if it counted for most points, because she got caught with all her cards in her hand every time Not fun for her but I guess someone had to lose, just not so big. All and all it is all in fun and we all look forward to playing. Just a reminder, the 2019 National Rally is at the Amana Colonies in Iowa. District 8 & 14 will be hosting the 2019 Rally in Iowa, hope to see you there.
